The University of Alaska Southeast is looking for a few good students! If you want to do something real, if you want to help make a difference, check out the UAS Alaska Native Languages program! Students can learn and help document endangered languages of Southeast Alaska, including the Tlingit and Haida languages, and keep them alive for future generations.

The rewards are spiritual and also financial. First of all, it feels good. The languages are challenging, exciting and different. It feels good to learn them. For students of Alaska Native ancestry, this is a way to connect with the heritage language of your ancestors. For non-Native learners, it is a way to connect to the land and people of Southeast Alaska. The program can lead to jobs in teaching and research.

The Alaska Native Languages courses are the reason I chose to attend UAS. I have noticed my ear is better tuned for hearing specific sounds and words. I have improved drastically in my Tlingit transcriptions.”

Amanda Bremner
Anthropologist
Archeologist
Historian
Language Specialist
Researcher
Teacher
University or College Professor

$33,550 to $69,320 per year with a bachelor's degree

Pathways to a successful career with the UAS Alaska Native Languages program

Recommended High School Preparation

- English, 4 years
- Math, 4 years
- Science, 4 years
- History, 2-3 years
- Foreign Language, 2-4 years

As well as courses in:
- Tlingit
- Haida
- Tsimshian
- Computing
- Public Speaking

Associate of Arts
Bachelor of Liberal Arts in General Studies
Bachelor of Social Science in Anthropology
Minor in Alaska Native Studies
Minor in Tlingit Language

Potential Careers
- Anthropologist
- Archeologist
- Historian
- Language Specialist
- Researcher
- Teacher
- University or College Professor

Potential Salaries
- $33,550 to $69,320 per year with a bachelor's degree

We will open again this container of wisdom left in our care.

Degree Requirements

Students must complete General Education Requirements (GERs) as well as specific program requirements. Occupational Endorsements are under 30 credit hours, Certificates are a minimum of 30 credit hours, Associate degrees are a minimum of 60 credit hours and Bachelor degrees are a minimum of 120 credit hours. 12 credits (typically 3-4 classes) per semester is considered full time status, 6 credits (typically 2 classes) per semester is considered part time status. For more detailed information on specific degree requirements, check out the most current University of Alaska Southeast academic catalog online at: www.uas.alaska.edu/catalog

Faculty

There is an excellent faculty to student ratio in the program, with small classes and opportunity to work with senior faculty on research projects.

Faculty include: Richard L. Dauenhauer, Ph.D., President's Professor of Alaska Native Languages; Alice Taff, Ph.D., Research Assistant Professor of Alaska Native Languages; Nora Marks Dauenhauer, BA, Hon. Doctor of Humanities, Affiliate Professor of English; Lance Twitchell, MFA, Assistant Professor of Alaska Native Languages; Florence Sheakley, BA, Certificate in Native Language Education, UAF, Adjunct Instructor of Tlingit; Hans Chester, BA, MAT, Adjunct Instructor of Tlingit; Jordan Lachler, Ph.D., Adjunct Instructor of Haida
