Petersburg City School District
Petersburg High School
Construction Program
P.O.Box 289
Petersburg, Alaska 99833

Purpose: In addition to the general Tech Prep Agreement between the University of Alaska Southeast and Petersburg City School District, we have agreed to the following process and criteria with respect to the programs of *Construction Technology*.

1. The Petersburg City School District program will follow a curriculum coordinated with the administration and faculty of the University of Alaska Southeast pertaining to the following courses:

<u>UAS</u>		<u>PCSD</u>
CT S100 Woodworking I	3 credits	Wood Technology I
CT S155 Woodworking II	3 credits	Wood Technology II

2. Petersburg High School will teach for the attached outcomes.
3. Students must have an overall 2.0 GPA to register for university credit.
4. Those electing to register for UAS credit must declare so at the beginning of the semester.
5. A safety contract, completed and signed by the student and parent will remain on file with the school district for students enrolled in Wood Technology I and II.
6. It is recommended that coursework be completed at a level of 3.0 GPA.
7. Students must successfully complete Wood Technology I with a minimum course GPA of 2.0 prior to registering for university credit in Wood Technology II.
8. There is a recommended minimum of five hours per week study time outside of class in order to complete written assignments.
9. Attendance is a major component of grading. There is a limit of eight unexcused absences per semester for a passing grade.
10. There will be a skill test at the end of each phase of construction for students enrolled in CT 100/155.
11. A written safety test must be passed with 100% and a demonstration of safe use must be observed by the instructor before power tools are operated for students enrolled in CT 100/155.
12. Those electing to register for University of Alaska credit must declare so at the beginning of the semester.
13. UAS program chairs shall review and approve all course syllabi and related curriculum documents to ensure they replicate exactly what is taught in the equivalent UAS courses on campus. This includes standardized course syllabi, course objectives, textbooks, tools, equipment, and methods for evaluation of student performance.
14. In order to receive concurrent credit, the student will register for the Tech Prep class during the semester in which the competencies will be completed. The UAS grade posted will be the grade earned in that semester.
15. Any change in instructor requires suspension of this addendum.
