## Tech Prep Articulation Agreement Between University of Alaska Southeast (UAS) and Juneau School District (JSD)

### Health Sciences School Year 2018-2019

#### Purpose:

In addition to the general Tech Prep Agreement, the purpose of this articulation agreement is to outline the mutual understanding as we have agreed to the following process and criteria with respect to the Health Science program.

#### Course:

The school district program will follow a curriculum coordinated with the administration and faculty of UAS pertaining to the following course:

#### HS S101 – Introduction to Health Science

Provides a description of health care professions and the interdisciplinary team, job responsibilities, educational and licensing requirements, employment trends, and salary ranges for health related careers. Students will have an exposure to the history and development of health care in Alaska and the United States. Health care issues will be examined with an emphasis on ethics and culture diversity. The principles of critical thinking will be introduced and communication skill will be promoted through collaborative discussion, presentation, and projects.

**3 Credits (3+0) Prerequisite – High School Biology.**

Although teaching methods may differ, this course will be subject to the instructional objectives and outcomes of the previously approved course syllabus that aligns with the UAS syllabus, rigor, and learning outcomes.

#### Administration:

1. Students must have an overall 2.0 GPA to register for university credit.
2. It is recommended that course work be completed at a level of 3.0 GPA.
3. Students must successfully complete a full year of biology prior to enrolling in the Introduction to Health Science and Medical Terminology course.
4. Students must have achieved at least junior status in order to enroll in the Introduction to Health Sciences and Medical Terminology course.
5. UAS program chairs shall review and approve all course syllabi and related curriculum documents to ensure they replicate the UAS course. This includes standardized course syllabi, course objectives, textbooks, tools, equipment, and methods for evaluation.
6. To receive concurrent credit, the student will register for the Tech Prep course at the beginning of the term in which the competencies will be completed. Registration for yearlong courses will take place during the fall semester.
7. The UAS grade posted will be the UAS grade earned for the course and submitted by the district instructor.
8. Student grades will be submitted by 5:00 p.m. of the final day of the district semester at [uaonline.alaska.edu](http://uaonline.alaska.edu).
9. Any change in instructor requires suspension of this addendum.
