11120 Glacier Highway
Juneau, Alaska 99801

Juneau School District
Health Sciences Program
10014 Crazy Horse Drive
Juneau, Alaska 99801

Purpose: In addition to the general Tech Prep Agreement between the University of Alaska Southeast and Juneau School District, we have agreed to the following process and criteria with respect to the programs of Associate of Applied Science in Health Sciences.

1. The Juneau School District’s Emergency Trauma Technician – First Responder (ETT), Emergency Medical Technician (EMT), and First Aid/CPR courses will be taught through state certified instructors and will follow a curriculum based on the State ETT, EMT, and FirstAid/CPR Standards and coordinated with the administration and faculty of the University of Alaska Southeast pertaining to the following courses:

<table>
<thead>
<tr>
<th>UAS</th>
<th>JSD</th>
</tr>
</thead>
<tbody>
<tr>
<td>HS S118 Emergency Trauma Technician – First Responder</td>
<td>3 credits</td>
</tr>
<tr>
<td>HS S119 Emergency Medical Technician I</td>
<td>6 credits</td>
</tr>
<tr>
<td>HS S102 Fundamentals of CPR and First Aid</td>
<td>1 credit</td>
</tr>
</tbody>
</table>

2. The Juneau School District through contracted staff will teach the attached outcomes to meet or exceed the State of Alaska and/or UAS requirements.

3. Students must have an overall 2.0 GPA to register for university credit.

4. Successful completion of these courses will qualify students to sit for the Alaska State ETT and/or EMT Certification Exams provided age requirements, if any, have also been met.

5. Juneau School District students must be a minimum of fourteen (14) years of age before registering for the Emergency Trauma Technician course.

6. Those electing to register for University of Alaska credit must declare so at the beginning of the semester.

7. UAS program chairs shall review and approve all course syllabi and related curriculum documents to ensure they replicate exactly what is taught in the equivalent UAS courses on campus. This includes standardized course syllabi, course objectives, textbooks, tools, equipment, and methods for evaluation of student performance.

8. In order to receive concurrent credit, the student will register for the Tech Prep class during the semester in which the competencies will be completed. The UAS grade posted will be the grade earned in that semester.

9. Any change in instructor requires suspension of this addendum.
