BENEFITS: Paid holidays, annual and sick leave, Temporary, seasonal, and intermittent employees on appointments expected to last at least 90 days, and expected to work a schedule of 130 hours or more a calendar month, will be eligible to enroll in a Federal Employee Health Benefit (FEHB) health plan upon notification from their employing office. Eligible employees will be responsible for the employee share of the premium while on the official agency roles, which will be deducted from bi-weekly earnings

APPOINTMENT INFORMATION: Full-time, temporary, approximately mid-April through September. The appointment may be extended for an additional period (not to exceed 1039 hours total employment). Persons selected may be eligible for rehire in future years. Schedule may involve weekend work or performance of duties before or after “normal” working hours. Government housing may be available. A driver’s license is required.

DUTIES: Park ranger interpreters connect people to parks. They play a key role in ensuring that visitors have meaningful, satisfying, and educational experiences. Park ranger interpreters are specially trained to engage the public so that each park visitor will have opportunities to connect with the meanings and values found in the places and stories of that park. By providing the opportunity for visitors to care about the places they visit, they promote stewardship for our national parks.

From mid-April through mid-September provide front-line interpretation and visitor services. Research, prepare and present a variety of original interpretive programs, including digital illustrated programs, guided walks, public address commentaries, talks, off-vessel activities, and children’s programs. Work is performed aboard a variety of ocean-going vessels, working both independently and as part of a NPS interpretive team. Assignments include staffing a high profile

and sometimes stressful, multi-tasked information desk on board cruise ships and tour vessels, as well as staff on-site visitor center. Handle visitor information requests, sell publications and educational materials, and complete assigned projects.

PHYSICAL DEMANDS AND WORK ENVIRONMENT: The work involves extensive periods (up to 15 hours) of standing and walking on ships, sometimes including steep stairways and narrow companionways. The majority of duties occur outdoors and on vessels (cruise ships and tour boats) with variable shifts ranging from 10 to 15 hours. Will be leading off-trail hikes wearing a daypack and must safely negotiate rocky shorelines and potentially slippery intertidal zones, rough surfaces and inclines. Moderate lifting is required, and most duties require wearing a daypack of supplies and interpretive materials. The work is performed in settings in which there is regular and recurring exposure to moderate discomforts and unpleasantness, e.g., low temperatures, confined spaces or adverse weather conditions (frequent drizzle and wet, windy conditions).

Must be physically and mentally able to safely climb rope ladders fifteen feet in height during transfer from one vessel to another while both boats are in motion in exposed waters. Every employee must pass a practical simulated ladder transfer before approved for duty.

Uniform required, with strict adherence to NPS uniform guidelines and appearance standards.

WHO MAY APPLY: Any U.S. citizen who has acquired special knowledge or expertise regarding the natural or cultural resources of Glacier Bay National Park and Preserve, by reason of having either lived or worked in or near the park. This level of knowledge would be acquired by having lived or worked in or near the park for at least 12 months, to include all four seasons. Short seasonal residency is not qualifying as this would not provide the level of knowledge or expertise that is gained through experiencing the range of climactic conditions and associated impacts on the resources.
