Student Rights and Responsibilities

The purpose of this regulation is to further define the University of Alaska’s Student Code of Conduct (Code), and to establish a framework for the enforcement of the Code. These procedures, and their elaboration in UAS rules and procedures, will allow for fact finding and decision making in the context of an educational community, encourage students to accept responsibility for their actions, and provide procedural safeguards to protect the rights of students and the interests of the University.

These procedures are applicable to all students and student organizations.

Student Code of Conduct

Disciplinary action may be initiated by the University and disciplinary sanctions imposed against any student or student organization found responsible for committing, attempting to commit, or intentionally assisting in the commission of any of the following categories of conduct prohibited by the Code.

The examples provided in this section of actions constituting forms of conduct prohibited by the Code are not intended to define prohibited conduct in exhaustive terms, but rather to set forth examples to serve as guidelines for acceptable and unacceptable behavior.

Cheating, Plagiarism, or Other Academic Dishonesty

Examples include students who:

1. Use material sources not authorized by the faculty member during an examination or assignment;

2. Utilize devices that are not authorized by the faculty member during an examination or assignment;

3. Provide assistance to another student or receiving assistance from another student during an examination or assignment in a manner not authorized by the faculty member;

4. Present as their own the ideas or works of another person without proper acknowledgment of sources;

5. Knowingly permit their works to be submitted by another person without the faculty member’s permission;

6. Act as a substitute or utilize a substitute in any examination or assignment;

7. Fabricate data in support of laboratory or field work;

8. Possess, buy, sell, obtain, or use a copy of any material intended to be used as an instrument of examination or in an assignment in advance of its administration;

9. Alter grade records of their own or another student’s work; or

10. Offer a monetary payment or other remuneration in exchange for a grade.

Forgery, Falsification, Alteration, or Misuse of Documents, Funds or Property

Examples include:

1. Forgery, falsification, or alteration of records or deliberate misrepresentation of facts on University forms and documents or to any University official or before a University judicial hearing board;

2. Misuse or unauthorized use of University identification cards, keys, funds, property, equipment, supplies or resources;

3. Falsely representing oneself as an agent of the University, incurring debts or entering into contracts on behalf of the University; or

Damage or Destruction of Property

Examples include:

1. Damage or destruction to property owned or controlled by the University;

2. Damage or destruction of property not owned or controlled by the University if the action constitutes a violation of the Code, e.g.:
a. the action occurred during an event authorized by the University;

c. the property not owned or controlled by the University was located on University property.

Repeated violations of standard laboratory safety rules and safe procedures as outlined by the instructor at the beginning of a UAS laboratory-based course.
1. First offense: A verbal warning with a written record kept of the warning in the laboratory manager’s office. Should the student not violate the rules and procedures again the written record will be removed from the file at the conclusion of the semester.
2. Second offense: a written warning with the rule reviewed and a statement signed by both the student and the instructor stating that the rule is understood and will be followed.
3. Third offense: a temporary restriction from attending the lab until a conference is held with the student, the laboratory manager, the safety committee chairperson, and the instructor. The student will decide whether he or she will sign an agreement to consistently adhere to the rules and procedures for that point forward. 4. Fourth offense: Should the student sign the agreement upon the third offense and fail to strictly adhere to the rules and procedures, the student will be temporarily restricted from being in the laboratory and referred to the Dean of Students for formal university disciplinary action for violation of the UAS Student Code of Conduct, which may include permanent removal from the course.

University Judicial Procedures
Authority and Responsibilities of Judicial Officers

The Chancellor will appoint a judicial officer experienced in student disciplinary proceedings who will supervise and implement a judicial review process for student disciplinary matters. The judicial officer will consult with extended site directors prior to delegating student disciplinary responsibilities to staff located on extended campuses. Judicial officers or designees have authority over disciplinary proceedings and are responsible for:

1. Serving as, or designating, a review officer to conduct administrative reviews or judicial board hearings;
2. Presenting, or designating a person to present, the University’s case before a judicial board;
3. Assembling the members of judicial boards; and
4. Modifying timelines associated with judicial proceedings in order to accommodate the academic calendar and for other reasons deemed appropriate by the officer.

Rights Afforded Students in Judicial Proceedings

1. The University will afford each student subject to judicial proceedings due process appropriate to the alleged violation and the magnitude of the potential sanction(s).
2. If an accused student chooses to remain silent or does not participate in a judicial proceeding, decisions will be based on available information.
3. A student may be accompanied by an advisor, who may be an attorney, during judicial proceedings. The advisor’s role will be determined by the rules governing the proceedings.
4. Students may have copies of the records of their judicial proceedings at their own expense.
5. Students may appeal decisions to impose minor sanctions and/or the severity of the sanction to the senior student services officer or designee. Students will be afforded an opportunity to provide comments to the senior student services officer on recommendations to impose major sanctions.

Rights Afforded Injured Parties During the Judicial Process

1. The University will consider the needs and circumstances of injured parties, especially victims of personal injury and/or sexual assault. The University will take such measures as it deems reasonable to prevent the unnecessary exposure of victims of personal injury and/or sexual assault.
2. An alleged victim of personal injury or sexual assault will be provided such information regarding the judicial process and the University’s responses as is required by law.

Overview of University Judicial Review Procedures

1. Definitions
   a. Judicial Procedure: A judicial procedure is a review undertaken by the University to establish whether there is substantial information to determine whether it is more likely than not that a student violated the Code.
   b. Major Sanction: Major sanctions include suspension, expulsion, revocation of a degree, and other sanctions specified by UAS rules and procedures as being major sanctions.
   c. Minor Sanction: Minor sanctions are those other than ones specified as major sanctions.
2. After an allegation of misconduct is made, judicial review procedures will commence with a preliminary investigation, at the conclusion of which the judicial officer or designee will determine:
   a. whether to dismiss the charges; or
   b. whether the allegations, if true, would likely result in imposition of a minor sanction, in which case the matter continues with an administrative review; or
   c. whether the allegations, if true, would likely result in imposition of a major sanction, in which case the student is provided the opportunity to choose between a judicial board hearing or an administrative review.
3. A judicial board hearing is only available to students deemed subject to imposition of a major sanction. In a judicial board hearing the matter is reviewed by a panel of students and faculty, and students are afforded the opportunity to be represented by legal counsel.

4. An administrative review is conducted by the judicial officer or designee and is intended to be an expedited process for examination of information and decision making. An administrative review is the only review process for matters involving imposition of a minor sanction. A student charged with infractions of the Code which would be subject to a major sanction may choose to have the matter investigated by an administrative review, but in so doing will be required to waive certain processes otherwise available under the judicial board hearing.

5. An imposition of a minor sanction following a judicial board hearing or administrative review may be appealed to the senior student services officer, whose decision on the matter constitutes the final decision for the University.

6. Findings, conclusions, and recommendations from either the judicial board or administrative review process to impose a major sanction proceed to the Chancellor after review by the senior student services officer. Opportunity will be provided to the student to comment on the administrative review or judicial board hearing. The decision of the Chancellor is the final decision for the University.

Initiation of a Judicial Review

1. Any University student, faculty or staff member may initiate a disciplinary action against a student for violation of the Code. Allegations of Code violations must be in writing, signed by the complaining party, and submitted to the judicial officer or designee in accordance with UAS rules and procedures.

2. The judicial officer or designee will review the allegations and conduct an appropriate preliminary investigation to determine:
   a. whether to dismiss the matter because insufficient information exists to support the accusation; or
   b. whether sufficient information exists to warrant further judicial proceeding, and, if so,
   c. whether the charges, if substantiated, will subject the student to a major or a minor sanction.

3. The judicial officer or designee will send the student written notification:
   a. of the allegations of misconduct and the provisions of the Code which allegedly have been violated;
   b. of the judicial officer’s or designee’s name, telephone number, and office location; and the time period in which to schedule a meeting to review the charges;
   c. of whether a major or minor sanction is likely to be imposed should the charges be substantiated, and
      (1) if a minor sanction is likely, that the matter will be pursued with an administrative review; or
      (2) if a major sanction is likely, that the student has a choice between an administrative review or a judicial board hearing; and
   d. that, should the student fail to schedule a meeting, the meeting will be scheduled by the judicial officer or designee.

4. Should a student fail to schedule a meeting within the time period specified in the notification of charges, the judicial officer or designee will schedule the meeting and notify the student in writing at least three class days in advance of the scheduled meeting that, should the student fail to respond or appear, the judicial officer or designee will schedule an administrative review and that the student will have waived the opportunity for review by a judicial board hearing.

5. A student under review for matters which could result in the imposition of a major sanction will be provided a written explanation of the differences between an administrative review and a judicial board hearing. The student’s choice of procedure must be stated in writing.
   a. If the student chooses an administrative review, the student must also waive, in writing, rights to procedures in the judicial board hearing which are not included in an administrative review.
   b. If the student chooses a judicial board hearing, the student will be notified in writing that:
      (1) the names of witnesses, copies of any witnesses’ written statements, or other documents on which the University will rely will be made available to the student for review at least three class days prior to the hearing;
      (2) the student must submit to the judicial officer or designee at least three class days
prior to the hearing the names of witnesses, copies of any witnesses’ written statements, or other documents on which the student will rely; and

(3) the student is to have no contact with any judicial board members or alleged victims involved in the matter, and, where appropriate, limited contact with other individuals involved with the hearing.

General Rules and Procedures for Administrative Reviews and Judicial Board Hearings

1. The University judicial system is not a court of law and is not held to standards applied in criminal proceedings. Formal rules of evidence will not apply. Testimony containing hearsay may be heard, taking into account the reliability of the information. Findings and conclusions will be based upon information presented during the review or hearing.

2. Reviews and hearings will ordinarily be scheduled between three and fifteen class days after written notice has been sent to the student, at times determined by the judicial officer or designee.

3. The judicial officer or designee will conduct an administrative review or chair a review by the judicial board.

4. Should a student fail to appear for an administrative review or judicial board hearing, the judicial officer or designee may determine to proceed with the review or hearing without the student.

5. Reviews or hearings may be conducted by audioconference or at an off–campus location, if directed by the judicial officer or designee.

6. The judicial officer or designee will establish reasonable rules for the conduct of the review or hearing, and will make them available to all parties.

7. Students may select an advisor for assistance during the proceedings. Should the student choose an attorney for an advisor, the student is responsible for the attorney’s fees and legal costs regardless of the outcome of the review or hearing.

8. An administrative review or judicial board hearing will result in the preparation of written findings and conclusions. Conclusions will result in one of the following:

   a. Charges are dismissed.

   b. A minor sanction is imposed. If a minor sanction is imposed, the judicial officer or designee will send the student written notification of the decision and appeal rights within 10 class days of the conclusion of an administrative review or judicial board hearing.

   c. A major sanction is recommended. If a major sanction is recommended, the judicial officer or designee will, within ten class days of the conclusion of an administrative review or judicial board hearing:

      (1) send the student written notification of the decision and of the right to provide comment to the senior student services officer; and

      (2) forward the record of the administrative review or judicial board hearing to the senior student services officer.

Rules and Procedures Specific to an Administrative Review

1. At the scheduled meeting the review officer will review the allegations and available information regarding the matter. The student, if present, will be given the opportunity to present information, explanations, and/or mitigating factors for the alleged violation.

2. Administrative reviews will be closed proceedings unless otherwise authorized by the judicial officer or designee.

3. An advisor for the student may be present during the hearing, but may not represent the student in the proceedings, nor speak or ask questions on the student’s behalf unless authorized by the judicial officer or designee.

4. If, during an administrative review for a charge originally determined to be subject to imposition of a minor sanction, new information is presented that could make the student subject to a major sanction, the student must be offered, in writing, the opportunity for review by a hearing board or for continuing with the administrative review. The student’s choice must be indicated in writing. If the student chooses to continue with the administrative review, the student must also waive, in writing, rights to the processes in the judicial board hearing which are not included in an administrative review.

Rules and Procedures Specific for Conducting a Judicial Board Hearing

1. Judicial Board Composition: Two currently enrolled students in good academic and disciplinary standing and three University faculty and/or staff members will be appointed in accordance with UAS rules and procedures to serve on a judicial board. The members of the board must be unbiased and may be selected from another campus or site.
2. The accused student will be notified, in writing, at least five class days prior to the judicial board hearing of the names of potential judicial board members. The student may object to a member on the basis of bias, provided the student notifies the judicial officer or designee in writing at least three class days prior to the scheduled hearing and states reasons for believing the board member is biased. The judicial officer or designee will have discretion to either uphold the appointment or have the board member replaced.

3. The accused student may choose between an open or closed hearing to the extent that such choices are permitted by state and federal laws. A hearing will be closed unless the student makes a written request at least one day in advance of the hearing to the judicial officer or designee for an open hearing. In order to protect privacy or other rights of individuals involved in a proceeding, however, the judicial officer or designee may determine that all or portions of the hearing will be closed. Witnesses may attend the hearing only during their testimony.

4. An advisor for a student may be present and may represent the student during the hearing.

5. The accused student will have the opportunity to question and hear all witnesses for the University.

6. The accused student will have the opportunity to present a defense, including introduction of relevant exhibits, affidavits, or witnesses, in addition to any information, explanations, and/or mitigating factors presented during the preliminary investigation of charges. Admission of and restrictions on exhibits and other evidence will be at the discretion of the judicial officer or designee.

7. The judicial board will deliberate in closed session and make its determination within five class days of the conclusion of the hearing, unless an extension is provided by the judicial officer or designee.

Appeal Procedure for Minor Sanctions

An accused student may appeal a decision to impose a minor sanction to the senior student services officer or designee.

1. Appeals may be made on the basis that:
   a. a material procedural error was made during the process which would have changed the outcome of the matter;
   b. the sanction imposed was clearly excessive for the violation committed;
   c. newly discovered information exists which the student could not reasonably have been expected to know of or discover through diligence prior to the conclusion of the matter and which information, if known, would clearly have affected the outcome of the matter; or
   d. the decision is not supported by substantial information.

2. Appeals must be submitted in writing within seven class days of the day the decision is sent to the student, and in accordance with UAS rules and procedures.

3. The senior student services officer or designee will conduct a review of the record and will ordinarily render a decision within seven class days of receipt of the appeal. The senior student services officer may:
   a. affirm a decision and/or sanction;
   b. dismiss the case;
   c. lessen a sanction;
   d. refer the matter back for further review;
   e. authorize a new administrative review or judicial board hearing; or
   f. take such other action as the senior student service officer or designee deems appropriate.

4. The decision of the senior student services officer or designee constitutes the University’s final decision on the matter. Notification to the student must be made in writing and in accordance with Regents’ Policy and University Regulation.

Review Procedures for Major Sanctions

A recommendation to impose a major sanction from an administrative review or judicial board hearing is automatically forwarded to the senior student services officer or designee for review.

1. The accused student will be given an opportunity to comment upon the findings, conclusions, and recommendation of the administrative review or judicial board hearing. Comments must be submitted in writing within seven class days of the day the findings, conclusions, and recommendation are sent to the student, and in accordance with UAS rules and procedures.

2. The senior student services officer or designee will conduct a review of the record within 14 class days and may:
   a. affirm or modify the recommendation for a major sanction and forward the recommendation to the Chancellor;
   b. dismiss the case;
   c. lessen the sanction;
d. refer the matter back for further review;

e. authorize a new administrative review or judicial board hearing; or

f. take such other action as the senior student service officer or designee deems appropriate.

3. If the senior services officer has recommended a major sanction, the Chancellor will review the record and, ordinarily, render a decision within seven class days of receipt of the recommendation. The Chancellor may dismiss the charges, impose a major or minor sanction, or take action as he/she deems appropriate.

4. The decision of the Chancellor constitutes the university’s final decision on the matter. Notification to the student must be made in writing and in accordance with Regents’ Policy and University Regulation.

**Disciplinary Sanctions and Reinstatement of University Benefits**

Except where otherwise noted in Regents’ Policy or University Regulation, the authority to impose sanctions or summary restrictions may be delegated as provided by UAS rules and procedures.

**Summary Restriction**

Summary restrictions may be issued in writing by the Chancellor or designee.

**Sanctions**

In determining appropriate sanctions, a student’s present and past disciplinary record, the nature of the offense, the severity of any damage, injury, or harm resulting from the prohibited behavior, and other factors relevant to the matter will be considered. The following list of sanctions is illustrative rather than exhaustive. The University reserves the right to create other reasonable sanctions or combine sanctions as it deems appropriate.

1. Warning: A warning is notice that the student is violating or has violated the Code, and that further misconduct may result in more severe disciplinary action.

2. Probation: Probation is a written warning which includes the probability of more severe disciplinary sanctions if the student is found to be violating the Code during a specified period of time (the probationary period).

3. Denial of Benefits: Specific benefits may be denied a student for a designated period of time.

4. Restitution: A student may be required to reimburse the University or other victims related to the misconduct for damage to or misappropriation of property, or for reasonable expenses incurred.

5. Discretionary Sanction: Discretionary sanctions include community service work or other uncompensated labor, educational classes, counseling, or other sanctions that may be seen as appropriate to the circumstances of a given matter. Costs incurred by the student in fulfilling a discretionary sanction will be the responsibility of the student.

6. Restricted Access: A student may be restricted from entering certain designated areas and/or facilities or from using specific equipment for a specified period of time.

7. Suspension: Suspension is the separation of the student from the University for a specified period of time, after which the student may be eligible to return. Conditions under which the suspension may be removed and for re-enrollment will be included in the notification of suspension. During the period of suspension, the student may be prohibited from participation in any activity authorized by the University and may be barred from all property owned or controlled by the University, except as stated on the notification. The authority to suspend a student is, by this regulation, delegated to the chancellors. Chancellors may not re-delegate this authority.

8. Expulsion: Expulsion is considered to be the permanent separation of the student from the University. The student may be prohibited from participation in any activity authorized by the University and may be barred from property owned or controlled by the University except as stated on the notice of expulsion. The authority to expel a student is, by this regulation, delegated to the chancellors. Chancellors may not re-delegate this authority.

9. Revocation of a Degree: Any degree previously conferred by the University may be revoked if the student is found to have committed academic misconduct in pursuit of that degree. The authority to revoke a degree is, by this regulation, delegated to the chancellors. Chancellors may not re-delegate this authority.

**Group Sanctions**

Student groups or organizations found to have violated provisions of the Code may be put on probation or sanctioned, which may include loss of University-related benefits and access to University facilities and University-held funds.

**Reinstatement of University Benefits**

The conditions, if any, for re-enrollment and reinstatement of University benefits lost through imposition of a sanction will depend upon the disciplinary sanctions imposed and will be specified in the notification of sanction.
Before a University benefit lost by sanction at one campus may be reinstated at another, the senior student services officer at the former campus must be consulted.

The authority to reinstate a student following suspension or expulsion is hereby delegated to the chancellors by the president of the University. Chancellors may not re-delegate this authority. Any student who is reinstated will be on University disciplinary probation for one year from the date of re-enrollment.

Final University Decision

The University will inform a student in writing when a decision constitutes the University's final decision in any review procedure. Where applicable, the notification of final decision will also state that further redress on the issue may be had only by filing an appeal with the Superior Court of Alaska; that, in accordance with Alaska Appellate Rule 602(a)(2) regarding appeals from administrative agencies, the student has thirty (30) calendar days after the University has mailed or otherwise distributed the final decision to file an appeal; and that failure to file an appeal constitutes acceptance of the decision and a waiver of any further legal rights.

Resolution of Disputes Regarding Student Employment Decisions or Actions

Issues related to student employment will be reviewed in accordance with the grievance procedure specified in Regents' Policy and University Regulation on human resources, except if specifically modified by Regents' Policy and University Regulation on employment of students.

Resolution of Disputes Regarding Academic Decisions or Actions

Examples of academic actions or decisions subject to this regulation include, but are not limited to: assignment of final course grades, denial of admission to an academic program, and academic dismissal. Grades assigned prior to the final grade received in a course are not subject to review under this section.

1. Definitions Applicable to Academic Disputes

   a. Academic Decision Review Committee: An academic decision review committee is an ad hoc committee composed of faculty and a non-voting student representative, appointed by the dean/director, and a nonvoting hearing officer, appointed according to UAS rules and procedures, to formally review a contested final grade assignment or other academic decision.

   b. Academic Leader: The term "academic leader" is used to denote the administrative head of the academic unit offering the course or program from which the academic decision or action arose.

   c. Academic Unit: The term “academic unit” generally refers to a department or other group with responsibility for academic decisions within a school, college, institute, or center. The term may refer to a school, college, institute or center in instances when a smaller unit is either of insufficient size for a given purpose or nonexistent.

   d. Arbitrary and Capricious Grading: Arbitrary and capricious grading means the assignment of a final course grade on a basis other than performance in the course; the use of standards different from those applied to other students in the same course; or substantial, unreasonable and/or unannounced departure from the course instructor's previously articulated standards or criteria. (See also "grading error")

   e. Class Day: As used in the schedule for review of academic decisions, a class day is any day of scheduled instruction, excluding Saturday and Sunday, included on the academic calendar in effect at the time of a review. Final examination periods are counted as class days.

   f. Dean/Director: The dean/director is the administrative head of the college or school offering the course or program from which the academic decision or action arises. For students at extended campuses the director of the campus may substitute for the dean/director of the unit offering the course or program.

   g. Final Grade: The final grade is the grade assigned for a course upon its completion.

   h. Grading Error: A grading error is a mathematical miscalculation of a final grade or an inaccurate recording of the final grade. (See also “arbitrary and capricious grading”)

   i. Next Regular Semester: The next regular semester is the fall or spring semester following that in which the disputed academic decision was made. For example, it would be the fall semester for a final grade issued for a course completed during the previous spring semester or summer session. The spring semester is the next regular semester for an academic decision made during the previous fall semester.

2. Procedure for Resolving Disputes Regarding Final Grade Assignment Students may challenge a final grade assignment on the basis of alleged grading error or arbitrary and capricious grading.

Because grades can affect such things as a student's eligibility for continued financial aid, UAS publications must advise students to learn their fi-
nal grades and initiate a review, where desired, as soon as possible. UAS rules and procedures must also stipulate other provisions that may be needed to expedite these reviews in the manner outlined in regulation below.

The time schedule outlined below will stipulate maximum time periods within which to complete stages of the review. However, permission for extensions of time may be granted, in writing, by the dean/director of the academic unit offering the course or other officials that may be identified in UAS rules and procedures.

UAS rules and procedures will also outline alternative officials for those instances where the academic leader or the dean/director is the person who made the academic decision under review.

a. Informal Procedures

(1) Where possible, students will be expected to first request an informal resolution of the final grade assignment with the course instructor or academic leader. The process must be initiated by the 15th class day of the next regular semester of the UAS offering the course. The instructor or academic leader must respond to the request within 5 class days of receipt.

(2) If the instructor's decision is to change the final grade, the instructor must promptly initiate the process in accordance with UAS rules and procedures. If the instructor does not change the grade and the student's concerns remain unresolved, the student may, in accordance with UAS rules and procedures, notify the academic leader of the academic unit responsible for the course.

Within 5 class days of such notification, the academic leader must either effect resolution of the issue with the instructor or inform the student of the process for formally appealing the final grade assignment.

(3) If the course instructor is no longer an employee of the University or is otherwise unavailable, the student must notify the academic leader by the 15th class day of the next regular semester. Within 5 class days of notification by the student, the academic leader must either effect resolution of the issue through contact with the course instructor or inform the student of the process for formally appealing the final grade assignment.

b. Formal Procedures

(1) A student formally requesting review of a final grade assignment must provide the dean/director of the academic unit offering the course a signed, written request for a formal review, indicating the basis for requesting a change of grade. The request must be filed by the 20th class day of the next regular semester or within 5 class days of receipt of notification of the process by the academic leader.

(2) In accordance with UAS rules and procedures, the dean/director will convene an academic decision review committee and forward to it the written request for formal review from the student. The committee must initiate proceedings within 10 class days of receipt of the student's request. The committee will first consider whether the facts submitted by the student warrant a formal hearing and, if so, conduct the hearing. The student and the course instructor must be notified of the time and place the request will be considered and of the process to be followed.

(a) If on initial review the academic decision review committee determines that the facts as presented would not constitute arbitrary or capricious grading or a grading error, the academic decision review committee will dismiss the case without a formal hearing. This decision will constitute the final decision of the University. The committee's decision will be provided in writing to the student, the course instructor, and the dean/director of the academic unit offering the course.

(b) If the academic decision review committee determines that the facts as presented might constitute arbitrary or capricious grading or a grading error, the academic decision review will, in accordance with UAS rules and procedures, proceed to a formal hearing. The committee will consider information provided by the student, the instructor if available, and others as it sees fit.

(3) The academic decision review committee proceedings will result in the preparation of written findings and conclusions. Conclusions will result in one of the following:

(a) The request for a grade change is denied.
(b) The request for a grade change is upheld; the review committee requests the course instructor to change the grade; and the course instructor changes the grade in accordance with UAS rules and procedures.

(c) The request for a grade change is upheld; the course instructor is either unavailable to change the grade or refuses to, and the review committee directs the dean/director to initiate the process specified by UAS rules and procedures to change the grade to that specified by the review committee.

(4) The decision of the academic decision review committee constitutes the final decision of the University, and will be provided in writing to the student, the course instructor, and the dean/director. The hearing officer will be responsible for the preparation of a record of the hearing, in accordance with UAS rules and procedures.

(5) Unless an extension has been authorized by the dean/director, disputes concerning final grades must be completed by the end of the next regular semester following the assignment of the grade.

3. Review Procedures for Disputes Regarding Denial of Admission to or Dismissal from a Program of Study

UAS rules and procedures, in accordance with this regulation, will designate the formal and informal process(es) by which a student may initiate a review of an academic decision by that UAS of disputes regarding denial of admission to or dismissal from a program of study. The formal process must include the following elements.

a. A request for a formal review must be filed in writing by the 20th class day of the next regular semester of the campus making the decision, or within 5 class days of receipt of notification of the process for filing a formal review after completion of any informal review, unless written permission for extension of time is granted.

b. Formal reviews of academic decisions will be conducted by an academic decision review committee convened in accordance with UAS rules and procedures.

c. UAS rules and procedures will specify under which circumstances the conclusions of the academic decision review committee will constitute the final decision of the University on the matter or be advisory to an academic officer making the final decision.

d. The final decision on the matter will be provided to the student in writing. A member of the review committee will be designated as responsible for preparation of the record.

e. Unless an extension has been authorized by the dean/director, disputes concerning academic decisions must be completed by the end of the next regular semester following the decision.

4. Other Academic Decisions

Review procedures for all other academic decisions are outlined in UAS rules and procedures. This process is published in UAS catalogs or student handbooks.

5. Students with Disabilities

Disputes regarding decisions associated with appropriate academic adjustments and programmatic accommodation for students with disabilities will be reviewed according to procedures set forth in University Regulation on students with disabilities.

Resolution of Disputes Regarding University Judicial Decisions or Disciplinary Sanctions

Disputes regarding University judicial decisions or resulting disciplinary sanctions will be reviewed according to procedures set forth in University Regulation on student rights and responsibilities.

Eligibility for Services Pending Final Decision in the Review Process

During the review of an action or decision by the University, the action or decision being contested will remain in effect until the dispute is resolved. Should an academic action or decision affect the student’s eligibility for financial aid, housing, or other University services, the student will be informed of the steps to be taken that may maintain or reinstate the affected service. The student will be responsible for initiating any necessary actions or procedures.

III. Local Laws

Most Alaskan have local regulations and ordinances prohibiting the use of illicit drugs and the abuse of alcohol. Penalties for local violations range from fines of $100 to $5,000 and may include jail time. Specific offenses and related penalties are published in the municipal, city and or borough for each locality. The military code of conduct may also apply to armed forces personnel.

- The same act or series of acts, under appropriate circumstances, can subject the offender to separate prosecutions under federal, state and local laws.
- In addition to the penalties outlined above, upon conviction the court may require payment of restitution, performance of community service work, participation in counseling or other treatment programs and/or the imposition of appropriate restrictive conditions.
- Conviction of a second or subsequent DWI, or for trafficking in a local option area or trafficking in controlled substances, may result in forfeiture of the motor vehicle, aircraft or watercraft used in the offense.
- Criminal conviction does not relieve the offender of any civil liability for damages which resulted from the same act or series of acts.

IV. Drug and Alcohol Counseling and Treatment

The University offers numerous health education seminars, workshops and related events each year; both students and staff are encouraged to participate. The availability of professional drug and alcohol counseling and treatment programs and facilities varies significantly from locale to locale in Alaska and from campus to campus within the University of Alaska system. Following is a listing of some of the resources available in your area. In addition, the National Institute on Drug Abuse maintains a toll-free hot line (1-800-662-HELP) with a confidential information and referral service that directs callers to treatment centers in the local community. (See following page.)

All members of the University community are encouraged to seek resource help for drug and alcohol problems. The University of Alaska employee health insurance program and the student insurance program include benefits for some inpatient and outpatient substance abuse treatment. Employees should contact their local personnel office for details. Students should call the student health insurance coordinator at 465-6457 for more information.

Any student voluntarily seeking assistance for an alcohol or drug-related problem will be treated with the utmost sensitivity and confidentiality. Referral assistance to community health or social service agencies may be sought through the Counseling and Health Services of the Student Resource Center located in the Novatney Building at the Auke Lake campus.

V. Institutional Disciplinary Sanctions

Violations of institutional standards of conduct relating to the unlawful use, possession or distribution of illicit drugs and alcohol will result in disciplinary action. In addition, such violations may result in referral to law enforcement agencies for possible prosecution.

For students found guilty of an infraction of the University’s rules and regulations, the following sanctions may be imposed:

Reprimanda
Official notice of reprimand to the student for the violation of University regulations and a warning that further violation will result in more severe disciplinary action. A record of any reprimand issued will be kept in the Regional Director of Student Services Office on the Juneau campus or with the Assistant Directors on the Ketchikan or Sitka campuses.

Loss of Privilege
The student’s University activities are restricted for a specifically stated period of time.

Disciplinary Probation
A probationary period of not more than one year in duration may be assigned, subject to such terms and conditions as the disciplinary probation will result in action by the campus hearing officer or the Student Grievance Committee.

Suspension
The involuntary separation of the student from the University for a specified period of time or until specified conditions are met. At the termination of the suspension period, or when the specified conditions are met, the student will be automatically reinstated in the University.

Dismissal
The involuntary separation of a student from the University without conditions. The student will not be considered for enrollment until one year has elapsed.

Expulsion
Permanent separation from the University.

Restitution
Reimbursement to the University or to a member of the University community in an amount not in excess of the damages or loss incurred by the institution or individual. Reimbursement may be accompanied by other disciplinary sanctions.

For employees, sanctions may include, but are not limited to, suspension of work with or without pay during an investigation, reprimand, a period of provisional employment (which may result in termination), termination and/or referral for treatment/ rehabilitation. A disciplinary sanction may include the successful completion of an appropriate rehabilitation program at the employee’s own expense.

VI. Health Risks Associated with Substance Abuse Alcohol

Alcohol consumption causes a number of marked changes in behavior. Even low doses significantly impair the judgment and coordination required to drive a car safely, increasing the likelihood that the driver will be involved in an accident. Low to moderate doses of alcohol also increase the incidence of a variety of aggressive acts, including spouse and child abuse. Moderate to high doses of alcohol cause marked impairments in higher mental functions, severely altering a person’s ability to learn and remember information. Very high doses of alcohol cause respiratory depression and death. If combined with other depressants of the central nervous system, much lower doses of alcohol will produce the effects just described.

Repeated use of alcohol can lead to dependence. Such cessation of alcohol intake is likely to produce withdrawal symptoms, including severe anxiety, tremors, hallucinations and convulsions. Alcohol withdrawal can be life threatening. Long term consumption of large quantities of alcohol, particularly when combined with poor nutrition, can also lead to permanent damage to vital organs such as the brain and liver.

Mothers who drink alcohol during pregnancy may give birth to infants with fetal alcohol syndrome. These infants have irreversible physical abnormalities and mental retardation. In addition, research indicates that children of alcoholic parents are at a greater risk than others of becoming alcoholics.

Controlled substances
See chart C in this section for health risks associated with controlled substances.
