Instructions for the Early Classroom Experience Form

You are asked to have your abilities working with Elementary school-aged children evaluated by a professional educator (teacher or other approved educator). If you have not had at least 25 hours of previous supervised experience in a classroom or other organized activity (Scouts, coaching, daycare etc.) you should contact an educator in your area, introduce yourself with this [letter from the UAS Dean of Education](#), and volunteer for 25 hours in their classroom.

If you have questions about how to meet this requirement or want to verify whether a specific educator is approved to evaluate you, contact [Dr. Beth Hartley](#) – coordinator for the Elementary Education Graduate programs at UAS.
