1. Election of Juneau-at-large Representative – Brian Blitz nominated and elected

He was advised that a senator must bring a motion to the senate to consider changes to the By-Laws; he will contact his senator to do so. Robin also brought up our electing a President-elect as soon as possible. It was decided that if faculty wish to remove their names from a list of nominees they must do so by Sept. 1 by informing either Janet Dye or Ginny Mulle. After that list is complete, elections will be held.
3. The Scholarship of Teaching – Judy Andree discussed the purpose and goals of the committee that has been established to address the topic of the scholarship of teaching. Virgil Fredenberg distributed a survey he asked faculty to complete and return to him to provide direction to the committee.
4. American Democracy Project and Center for Democracy – David Noon briefly described the projects and announced that anyone interested in these projects could attend an informational meeting scheduled for 10:45 a.m. on Tuesday, August 17, 2004.
5. Faculty Evaluation System – Ginny Mulle announced that she would be attending a workshop on both developing a comprehensive faculty evaluation system as well as the design, construction and use of student rating forms in October in Nashville, TN. Discussion ensued regarding the present evaluation form recently developed by the ad hoc Faculty Evaluation committee; the process by which the form was developed and implemented; and problems with online evaluations. The faculty indicated that they believed that there needs to be a continuing committee to work further on evaluations. Janet Dye, Don Cecil, Virgil Fredenberg, Rick McDonald and Judy Andree volunteered to serve on a committee.
6. UA Copyright Committee – Lynn Shepherd reported on and noted information included in the convocation packet regarding the work of the committee addressing Fair Use guidelines, TEACH Act guidelines, and the development of a copyright policy.
