#### NOTE REGARDING 'UNDER-21' HOUSING UNITS—

If any resident residing in an apartment is under the age of 21, that unit is classified as an "under-21" unit until all residents are of legal drinking age. This means that no alcohol may ever be present in this unit, including empty alcohol bottles. All residents in such a unit, including the over-21 residents, may be held accountable for violating the alcohol policies in such situations. Over-21 residents agreeing to live with under-21 residents need to be aware that they are choosing to give up their privilege of having alcohol in the unit. Occasionally, situations deem it necessary for the Housing Office to place under-21 & over-21 together to maximize housing capacity—which means the unit automatically defaults to "under-21" status.
