

Egan Library

Student Course Rating Comments Summer 2014

adequacy of library **resources** for completing assignments in this course...

0= 21; 1= 23; 2=43; 3= 78; 4= 147; na= 322

usefulness of library **services**

0= 19; 1=23; 2= 40; 3=57; 4=112; na= 372

Library as place / Facility

It would have been helpful if library was open on the weekend and open later on the weekdays. ED380

Just additional hours during the summer. other than that everything was great. ED380

Would have been nice if the library hours were extended on the weekends. ED380

I wish the library was open for longer hours during this summer session. We relied on it as a productive study space whenever we could. ED631

It would have been helpful if the library was open on Saturdays and open later on weekdays ED631

It would have been nice if the library was open longer during the summer semester. I liked that we could print our documents at the library. ED631

Because it is a summer class and the library hours were reduced we weren't able to use the library as much as we would have wanted. EDRE676

Their hours were limited for summer session terms. The tutoring offices closed on July 3, 2014 which made it very difficult for me to turn in my assignment after proper proofing edit which put a strain on me. Keep in mind that summer sessions are condensed and this really put a strain on the students overall grade. The tutoring summer sessions needs to improve for this reason. Please consider in the future. Thank you for your consideration and time. ENGL212

What's up with the computers being off? I respect the idea to conserve electricity but damn it I've got work to do. I don't have time to boot up this machine every ding-dong day. Maybe a closer reading of when classes are scheduled would help keep the computers on at more convenient times. Oh! And holla' at my boy Gabe who was in the LEARNING CENTER to help me with a math problem. ENGL418

I only used the library for printing ED631

The Microfiche machines are pretty neat-o. Thank Godzilla for that massive printer out front. Yo, why were the student work computers (log-in required) always shutdown when I walked into the library? Shit was hella' annoying when I wanted to use those machines and was pressed for time. PSY333

Collections

I would not have been able to complete my homework for this class had it not been for the library. ANTH101

Library resources were very helpful on final journal assignment. ANTH101

Great service, I was able to find all the information for my research project! ANTH205

A few of the materials I wanted to use were not available. ANTH205

The Teacher's resources were awesome. ART160

I used the library resources for my business project. BA151

Best resource for this class! BIOL253

Comments related to services and instruction

Library Online

Many of the articles that I was looking for through Egan took me to Linksys and from there the articles were difficult to locate. ED333

ENGL111- The library had a vast amount of resource.

ENGL111- Wow! had no idea what was available through the online library! Amazing.

ENGL211- Definitely relied on the UAS databases for research, and also appreciated the help of Jennifer Brown in researching, she was very helpful.

ENGL212- Happy to have access to an online library!

ENGL212- JSTOR and the Egan Library were helpful for research.

GEOL105- I thought that JSATOR was difficult to access.

MATH105- I was not a big fan of having an Ebook, I would rather have had a hard copy of the textbook. I found I hardly used the Ebook at all (even though I wanted to) because it was annoying having it online.

PADM671- I have had a difficult time accessing the online journal database, which was troubling during this semester.

PSY250- The library materials available online have changed and it not as helpful as it was last semester.

PSY333- The inter library loans and all the articles purchased by the university is wonderful.

SOC101- I only used JSTOR as this was the site the instructor showed us how to use. I'm sure if I had more time I would be able to use the others. But, just knowing the resource is there is helpful.

Online Website and Other

BA152- I'm a student returning to finish my degree and I'm not very versed in how to use the library resources so I choose to use other resources. I haven't taken the time to go to the Library to get a refresher course on how to access information.

BA330- The text and the internet (yes google scholar is handy) were the only resources I needed.

BIOL240- needed to due a research paper on a specific disease, I found a lot of books and articles at Egan Library that helped me with this project. Thank you

ED230- Most content for this course was on the internet, by definition of a technology course. The Library was used, but only for academic journals.

Interlibrary Loan

This was a three week course, so it was difficult to get the interlibrary loan material on time for my critical essay. EDRE671

General positive comments

Very pleased with the library ED631

Instruction

Library director met with us in Juneau and gave us an overview of the services offered by the library. It was very informative. ALST603

The librarian who spoke in our class share helpful information regarding the new changes in checking out books, how to go about it, and even the new library cards. ALST603

Jonah was great!!! ED380

Jennifer was awesome! She helped me so much! ED627

Jennifer was super awesome!!!! ED627

Mrs. Ward was very helpful with finding research for grant proposals. ED627

Jonah from the library came over and gave us an awesome tutorial on researching and made it clear he was available to help us further. I had already gotten help from him, and he is awesome! ED631

Jennifer was great ED637

Thanks Mrs. Ward for helping me with my grant/school improvement plan. ED637

Jennifer was extremely helpful and showed me how to use the services available and request articles. EDRE 671

Jennifer was very helpful and I couldn't have completed this course effectively without her excellent, informative session. EDRE 671

Ms. Ward was very helpful when I was having trouble finding the resources I needed. ENGL211

This is the first time in 12 years I have written a research paper. When I was in high school electronic databases were not available. It was overwhelming to learn how to navigate searches and research protocol. I found the EGAN library staff very helpful and understanding. They were proficient in their willingness to assist. HOWEVER. I found the support limited in preparation for actually writing and editing my final paper. On staff, there was only 1 person. This is not adequate. Even if it is summer. PSY 333

General Constructive / negative comments

Learning, Testing and Writing Center Comments

HOWEVER. I found the support limited in preparation for actually writing and editing my final paper. On staff, there was only 1 person. This is not adequate. Even if it is summer. PSY333

Student Success Center (Sitka)

actually we don't really have a library here on the Sitka campus, however our student success center's computers have been down for a majority of the summer and the computers that did work have been plagued with printing issues since the spring semester or longer. Please help, for an online campus we have little or no online availability or aid in obtaining our course work from the campus here in Sitka. ACCT 201

we need a uas library here in sitka!!! BA 151
