Summer 2017 Student Responses

COLLECTIONS

ENGL418-J01	At the beginning I didn't have the required books. It was helpful to use the library's on-reserve texts.
ANTH200-KD1	Could not find a lot of material on Alaska Natives that was pertinent to this class.
ANTH205-KD1	EBCSOHOST and JSTOR were helpful
PADM624-JD1	Every class, I have utilized the library resources. I find the articles and all that being a UAS student as afforded me in the library, very much appreciated!
PADM624-JD1	I cannot live without access to the library, especially the online portion
PADM671-JD2	I have my own access to EBSCOhost, etc, so I dont really use the UAS library.
ALST603-JD1	I have my UAS library and Whale card because of this class. I spent many many hours in the library looking up books and finding resources for class. I spent far more time in the library for this class than for any other I have taken at UAS this far in my program.
ED627-J01	I used the online articles frequently to complete research for my grant proposal assignment. I also used the library and the study rooms to complete homework with classmates.
ALST603-JD1	Missing many of the more modern Alaska books, especially in YA and nonfiction.
ENGL212-KD1	Need more resources

ED593-JD1	Nice E Library
PSY101-KD1	PSYC info was awesome for this course, it was simple to use and provided a lot of useful articles that I needed for this course.
ED690-J01	Sadly to say, I did not need to use the library for any resources. I wish we had more assignments tied to the resources available at the library (like educational periodicals for legal case studies or educational leadership).
EDRE676-JD1	Thank you for all the books for our literacy camp!
ED320A-JD1	The UAS library in Anchorage only had old, effectively obsolete, copies of the textbook, Emphasis Art (9th ed. 2010). It would be helpful if the library was able to get more recent editions and/or find a way to license digital editions.

STAFF AND INSTRUCTION

PS313-KD1	Excellent help!!
ED637-J01	Excellent staff!
ED627-J01	Excellent staff. Thanks, Jonas, for giving presentation.
ED690-J01	Friendly, helpful and knowledgeable staff.
ED637-J01	It was very useful to have the library tech come and speak to us and then give us a short tour in the library.
ED637-J01	Jonas provided a classroom visit that was very helpful!
PADM618-JD1	Such a great resource. So helpful.
ED690-J01	Thank you the support by the library and tech staff.
ED627-J01	The help desk people were very helpful with my research. Jonas Lamb came to our Ed. Research class and gave a presentation about doing research through the Egan Library system, which was very helpful! Thank you Jonas!
ED627-J01	The library staff was welcoming and very helpful during this course.
ED690-J01	They were very helpful when I needed help.
ED680-J01	Very willing to help!
ALST603-JD1	We used the library extensively and it was a treat! So VERY helpful!
ACCT202-JD1	While I don't often use the library resources, I greatly appreciate the library itself. I am there often and appreciate the great space to do schoolwork.
HIST341-KD1	As an online student, I found the librarians were easy to work with.

LIBRARY AS PLACE

BA151-JD1	I did most of my studying and writing in the library for this course
ED637-J01	I used the online articles to complete my school improvement plan assignment. I also used the library and the study rooms to do homework with classmates.
ED405-JD1	It was more the statewide consortium through public libraries was invaluable at receiving the texts in a timely manner that were not offered by my local library. Hats off to that

	program. The local UAS study room was also of very high value at providing a space to have the class in.
ED593-J03	Not open early enough for me to work on assignments before class at 8am

TECHNOLOGY

ED230-JD1	I have been experiencing intermittent problems connecting with the Egan Library article collections on my laptop. I have called the library and the IT help Desk. IT has tried numerous things. They have pinpointed a problem but don't seem to know how to fix it. Over our little break between Summer and Fall semesters, when I have time to go into Anchorage, I plan to take my laptop to the apple store to make sure it's not having internal problems.
ED690-J01	The new system for printing in the library is extremely frustrating, and is not connected with the whale card, eliminating the use of money to print that is put on the whale card.
ED230-JD1	The PDF's were not compatible with Diigo which was a requirement for this course.
BIOL240-TD1	In the future UAS's number should scream on our blackboard page so we can find with as many times we had to call them. Maybe there but I missed if so. I always had to look it up other ways.
HIST341-KD1	Much still needs to be improved in this area. The technology itself is rather clunky, especially with the "search" feature. I usually get "no information found", and the search engine does not usually narrow the field enough. For example, searching for information on "cultural importance of the baidarka", I would get a ton of hits with "culture" in the phrase (which of course would not in any way related to baidarkas). Also, Many times the librarians did not have a clue as to what materials I needed.

DIDN'T NEED / DIDN'T USE AND MISCELLANEOUS

ENGL211-KD1	Although we didn't use these resources she did provide us with the tutor' name and contact information. She encouraged us to seek assistance throughout the semester.

ENGL211-KD1	Didn't use them
ASTR225-TD1	I actually thought that a lot of the material was hard to figure out with the book alone but with help from the teacher and other resources it was fine.
BIOL111-TD1	I am not sure how many people use the library when the class does not require research. Plus, let's be honest... Tech Savvy people love taking online courses so if they need to research something I imagine their go to is google.
ASTR225-TD1	I did not use the library since Walling provided many within the class setup.
BA301-JD1	I did not use these services.

ENGL211-KD1	I did use Dr. Polanska as a writing tutor. it's always nice to have someone available that gets back to you in a timely manner.
BIOL240-TD1	I didn't end up using the Library
BA461-JD1	I didn't use any of the resources.
BA462-JD1	I do not live in Southeast. This was an online course, so I have access to UAA/Apu Consortium library online.
BA490-JD1	I have a hard time finding this resource when I would like to use it.
PADM671-JD2	I still use the UAA Consortium website and resources, as I am more familiar with it and essentially provide the same material.
JOUR101-TD1	I think that the library would be necessary if anyone needs more clarification on any subject.
PADM635-JD1	I utilize UAA's consortium library, as I am more familiar with it from my undergraduate studies.
ECON202-KD1	I was not in need to a the library resources and services for this course.
BIOL111-TD1	I was unable to access as I was out of state. I attempted to resource the community college in Tucson but as I am not enrolled was not allowed to utilize the facility for anything other than a proctored test.
