

MEMORANDUM

DATE: ~~December~~
November 4, 2009

TO: Faculty Senate

FROM: Robbie Stell 
Provost

SUBJECT: Recruitment for a Dean of Professional and Technical Studies

I wish to inform you that yesterday the Chancellor approved a new structure for Academic Affairs that includes the four existing schools and three deans. The Deans will include one for Arts and Sciences, one for Education, and one for Management and Career Education with a Dean of Professional and Technical Studies.

The Chancellor also approved proceeding immediately with recruitment for the Dean of Professional and Technical Studies. I will be working with representatives from each of the two schools to develop a position announcement that will be posted as soon as possible on UAKJobs so that we can begin to advertise the opening and begin to accept candidate applications. After the Spring semester starts I will form a Dean's Search Committee.
